awards from HealthInSite

from managing director to company: "Dear all, It is with much sadness that I share the resignation from HealthInSite of Karen Peppler, who will take some well deserved time out. A prior HealthInSite Hero of the Year recipient, Karen has been a tower of strength in the company for many years, and is a big part of its culture. She has made an enormous contribution to the success of HealthInSite during this time, and her enthusiastic presence and attention to detail will be sorely missed. Words are insufficient to express our appreciation for her dedication and service. Karen will hand over her portfolio prior to her departure at the end of April, and we wish her absolutely everything of the best in health and happiness for the future. Please feel free to contact me directly with any queries relating to the above. Warm Regards, Denis"

from senior corporate consultant: "Hey Karen, I really just wanted to say how wonderful it has been to know you and work with you the last 2 years. You have always had such a positive attitude, you've taken every "job" or "project" so seriously and professionally and then have always come through with style, elegance and quite frankly – just superb work! You are so talented Karen. I also wanted to say thanks for coming through with my "urgent" requests – especially in the early days of my working here when I must've driven you crazy. So ... I want to wish you all the best on your new journey! It takes guts and courage to do what you are doing. So I hope you will be blessed Karen and just find that company to work for where you can shine!!! Stay in touch and please visit us. We are certainly gonna miss you LOADS!!!!!! Enjoy the journey hey!"

from managing director to me: "KP, your contribution in so many areas has been greater than you will ever know. It has been a real privilege working with such a unique and special person (sniff) (sob)! Much, much love and appreciation, Denis"

from various colleagues:

"Hi KP, I have so enjoyed working with you and have also learned so much from you. You will be an asset and value no matter where you go. Tamaran"
